

Introducing the new range of **ToolShield** fibreglass ladders

GreenBrook are pleased to introduce a versatile and durable range of ladders in fibreglass and an aluminium work platform. Built for use in tough environments and designed to handle the wide variety of tasks required on a jobsite, whilst ensuring optimum safety and convenience for the user.

Fibreglass ladder rails are non-conductive - safer for working around electricity

Lightweight, Strong, Heat and Weather resistant

Durable - offers excellent resistance to denting and bending

Safely secure tools at working height using the multi-functional top

Non slip steps and rubber non-slip feet for greater safety

Conforms to EN-131-1-2-3 (For commercial use 150KG)

Voltage tested to BS-EN 131 (1000V)

**Ideal for
commercial
use**

Facility to secure tools at working height with multi-functional tops

Non Slip Steps for greater safety

Maximum Load of 150Kg

Rubber non slip feet

'Safe and sturdy - just the job'
